

FCC Board members:

DO NOT allow the "sale" of GLOBAL CROSSING to STT.

The Global Crossing bankruptcy is based on FRAUD. Any action other than Complete DENIAL of the request to "sell" will make the FCC a PARTY to the FRAUD.

The FCC must direct the Global Crossing case back to the Justice department for thorough review. The FCC must REJECT based on Cause.

I have been heavily invested in Global Crossing for over four years and I am VERY knowledgeable of the FRAUD committed in this case. I assure you that approval of this "sale" will hurt the American public in many, many ways.

!!! DO NOT HURT the American public by approving this scandalous Fraud !!!
